

Newsletter-Week 5 Term 2 2018

Hi Everyone,

We have come to the end of Term 2. As we reflect on our learning we can't believe how busy the children have been. They have enjoyed their 2 school visits, as well as the Reception children coming to visit us. We are going to continue our focus on pets and invite children to bring their pets in next term to share with us. They will need to come in with an Adult and then leave (not be here all day). We are going to have Emma the Vet come and talk to the children about looking after your pets and what things she does. If your child would like to bring in their special animal, please see staff to arrange a time.

We have had a focus on indigenous studies and you will notice our 2 new flags hanging in the Centre. These flags were donated to us by Tony Pasin (our local member). Next term we will continue our Cultural Studies and do some activities focusing on the Maori culture, to include the culture of several families that use our Centre.

FEES: There are several families who have not paid their fees. Please come and see me and I will help devise a payment plan. Otherwise please pay your fees as soon as possible, as these fees go towards paying for our consumables for painting, cooking, gluing, making etc (as these are not funded by DECD). Term 3 fees will be put in pockets at the beginning of next term.

Next term there will be another student free day on **Thursday 20th September**. Where staff will attend a Learning, Design, Assessment and Reflection day. There is another training that all Kindy staff would like to attend and that is an Innovation Day on 7th August. This will have Lisa Burman attending who is a consultant that our partnership have been using to inspire Powerful Learning Environments. I will try and get relief for these days.

At the beginning of next term the Dentist is coming to visit the Centre. We will send consent forms home in the first week that need to be signed for the dentist to check your children's teeth for any issues.

We hope you all have a safe holiday and enjoy time with family. We look forward to another busy term of learning in 2 weeks. Next term begins on Tuesday 24th July 2018.

Linda Troeth
Director

Special Points of interest:

- Next Governing Council is Monday 13th August 2018
- last Day of Term 2:
5 July 2018

Transition Visit to School

The children had their 2nd visit to school. We all met in the library and the children enjoyed some activities and a story was read by Jane Dicker. The year 6's met us in the Library and were partnered up with a Kindy person. We went to the wet area in the Junior Primary section (where PiNS is held) and the year 6's mentored the Kindy children in play. After a while we packed up and went to the Playground to play. The year 6's were amazing leaders with our children and ensured all the children participated and had fun.
